HX-12 datasheet, revision 3

Current release.

Helios Robotics GmbH, Industrial Arms Division

This document describes the mechanical and electrical data of the arm.
Operating temperature 0 to 45 C. Storage temperature -20 to 60 C.

Technical data

Payload ..... 12.0 kg
Reach ..... 1250 mm
Repeatability ..... +/-0.04 mm
Protection class IP67
Maximum joint speed ..... 180 deg/s
Power consumption ..... 650 W
