HX-9 datasheet, revision 1

WITHDRAWN - superseded by revision 2. Do not use.

Helios Robotics GmbH, Industrial Arms Division

This document describes the mechanical and electrical data of the arm.
Operating temperature 0 to 45 C. Storage temperature -20 to 60 C.

Technical data

Payload ..... 9.0 kg
Reach ..... 900 mm
Repeatability ..... +/-0.05 mm
Protection class IP54
Maximum joint speed ..... 210 deg/s
Power consumption ..... 380 W
